COOKIES POLICY

WHAT ARE COOKIES?

"Cookies" are packets of data that a website sends to your computer while you are visiting that website. These data files include information that allows you to memorize important data that will make your navigation more efficient and useful. This website uses cookies for various purposes, namely to obtain non-personal data from online visitors.

HOW ARE COOKIES USED?

Visitors to this website use different computers and web browsers. To make your visits as simple as possible, a record is automatically kept of the type of browser (eg Internet Explorer, Google Chrome) and operating system (eg Windows, Macintosh) used and the domain name of your provider of Internet services.

WHAT ARE COOKIES FOR?

Cookies serve to help determine the usefulness, interest and number of uses of their websites, allowing faster and more efficient navigation, eliminating the need to repeatedly enter the same information.

WHAT KIND OF COOKIES DO WE USE?

Permanent cookies: these are cookies that are stored at the browser level on your access devices (PC, mobile and tablet) and that are used whenever you make a new visit to one of our websites. They are generally used to direct navigation to the user's interests, allowing us to provide a more personalized service.
Session cookies: these are temporary cookies that remain in your browser's cookie file until you leave the website. The information obtained by these cookies is used to analyze web traffic patterns, allowing us to identify problems and provide a better browsing experience.

FOR WHAT PURPOSE DO WE USE COOKIES?

Strictly necessary cookies:

They allow you to browse the website and use its applications, as well as access secure areas of the website. Without these cookies, the services you have requested cannot be provided. Cookies Analíticos:

They are used anonymously for the purpose of creating and analyzing statistics, in order to improve the functioning of the website;

Functionality Cookies

They save user preferences regarding the use of the website, so that it is not necessary to reconfigure the website each time you visit it.

Third Party Cookies

They measure the success of applications and the effectiveness of third-party advertising. They can also be used to customize a widget with user data.

Advertising Cookies

They direct advertising according to the interests of each user, in order to direct advertising campaigns taking into account the tastes of users, and, in addition, limit the number of times they see the ad, helping to measure the effectiveness of advertising and the success of the organization of the website.

HOW CAN YOU MANAGE COOKIES?

All browsers allow the user to accept, refuse or delete cookies, namely by selecting the appropriate settings in the respective browser. You can configure cookies in the "options" or "preferences" menu of your browser.

It should be noted, however, that by disabling cookies, it may prevent some web services from working properly, affecting, partially or completely, navigation on the website.

For more information about cookies and how to prevent them from being installed or how to delete existing cookies from your hard drive, the user can visit the following website: http://www.allaboutcookies.org.

You can find information about cookie control according to your internet browser at the following addresses:
